

# Ray Saves The Day!

Copyright: Nippon Paint (M) Sdn Bhd  
Illustrated by: Wen Dee Tan

Hello, I'm Ray,  
the Wellness Blobby from Nippon-ville.  
Mama hopes that I will spread  
happiness to all the children in the world.  
And with my Wellness Super Powers,  
I hope I can do just that.

Usually, my Wellness  
Ray-dar...

...helps me sense  
when a child needs  
my attention.

Looks like the nasties are making your carpet their home. And when you breathe the air, it causes all sorts of irritations.

Harmful Pollutants in the Air

Germs Lurking Around

Open your windows to let in some fresh air!

I feel so much better now!

I'll clean this up for you!

CHOMP!  
CHOMP!

You should cover your mouth  
when you sneeze or cough.  
This is to stop germs from  
spreading everywhere  
and making others sick.

Kids, always remember to maintain good hygiene habits to protect yourself against flu infection!

Hand washing is a good habit to prevent the spread of germs.

When you're well,  
it's time to have some  
fun! Can you think of  
something fun that  
we can do together?

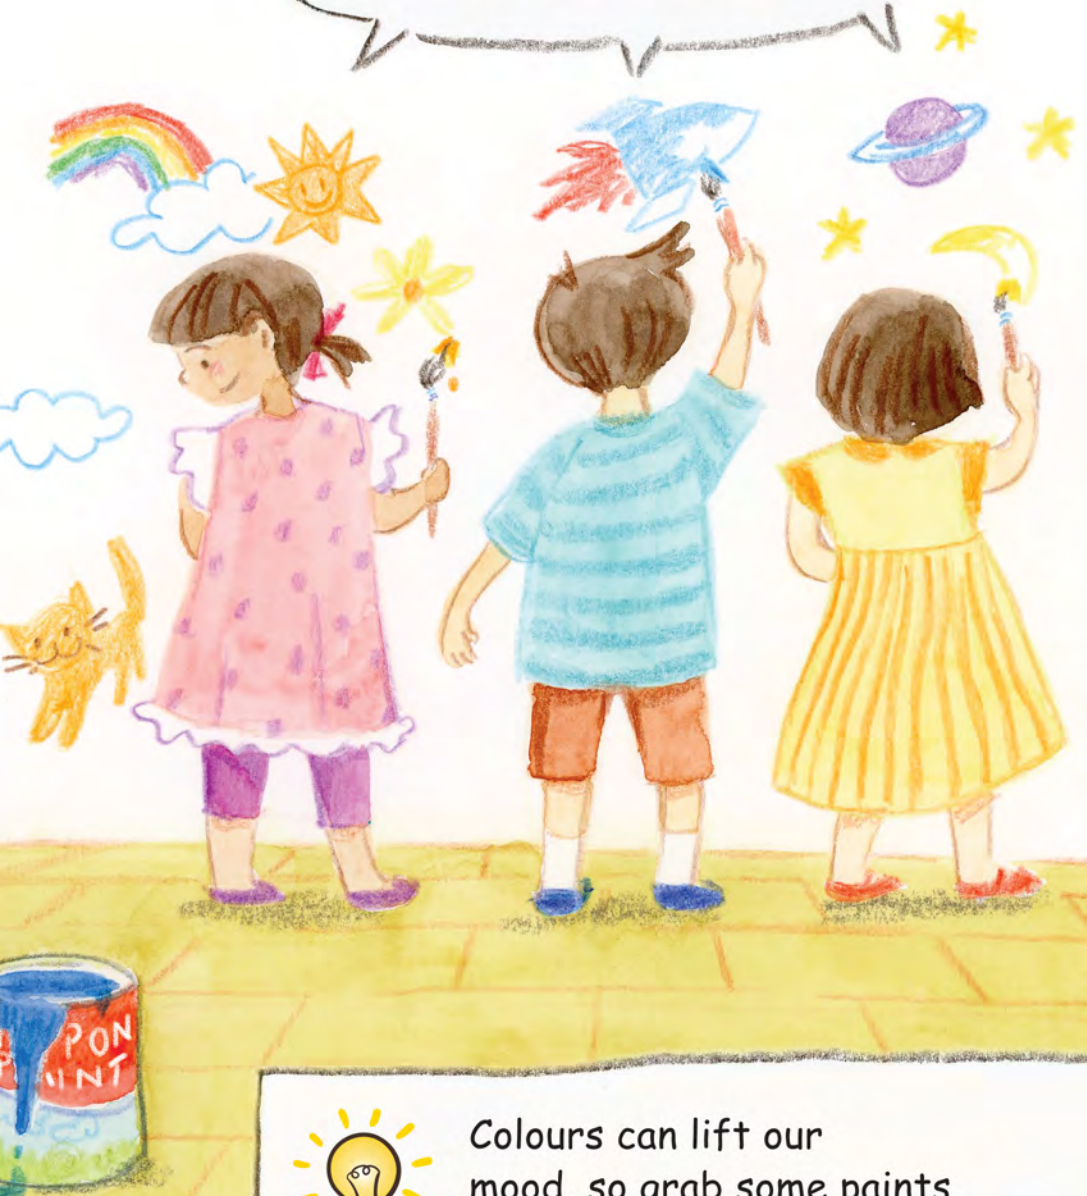

Let's paint!

This is so much fun!

Colours can lift our mood, so grab some paints and colour away!

Looks like we're happiest  
when we're healthy and having fun!  
As a Wellness Blobby, I truly believe  
that wellness is happiness.

What does wellness mean to you?

# Wellness Tips!

## Clean Air:

We breathe about 18,000 times a day. That's why clean air is so important to us!

## Safe Touch:

Wash your hands for at least 20 seconds or sing the Happy Birthday song twice!

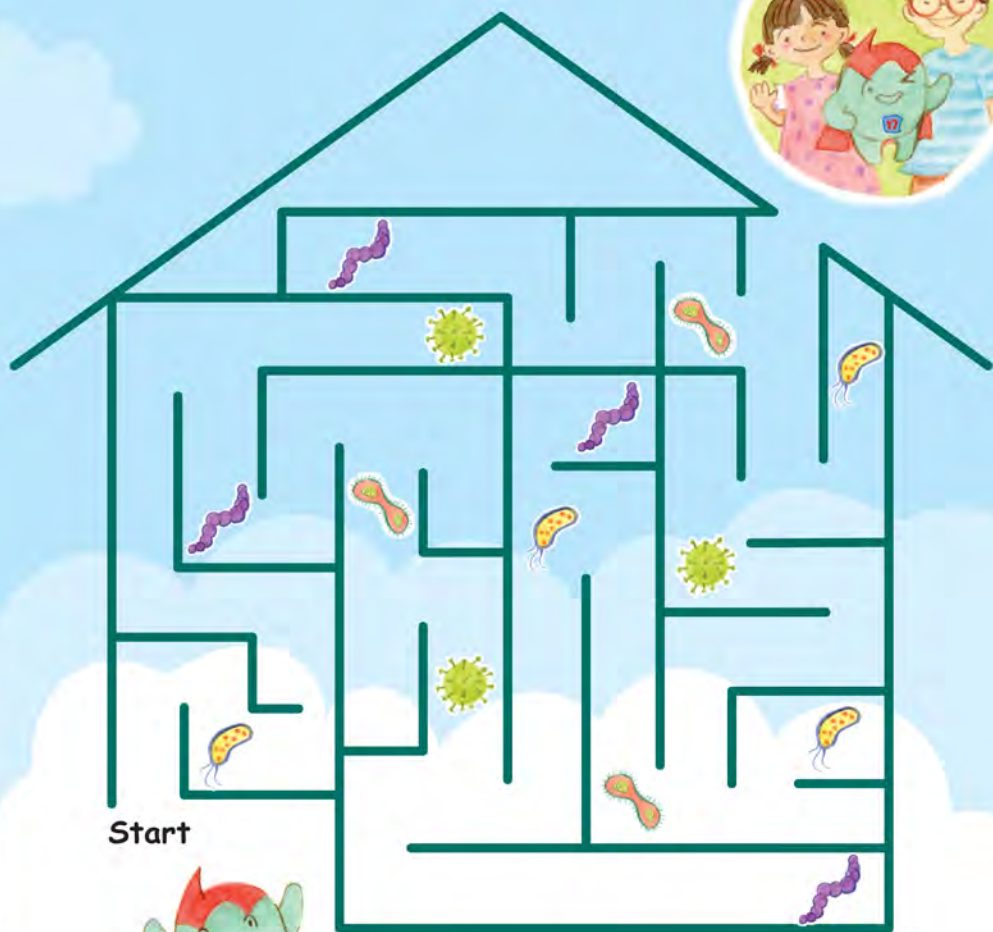

## Creativity:

Imagine and paint, draw, build or sculpt something today. Creating something from scratch is so much fun and is a great way for you to express your creativity!

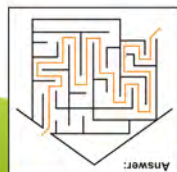

# Kill the Germs and Harmful Pollutants!

Guide Wellness Blobby to create a safer and better indoor environment.

Start

**Colour the Wellness Blobby** and answer the below in your most creative way.

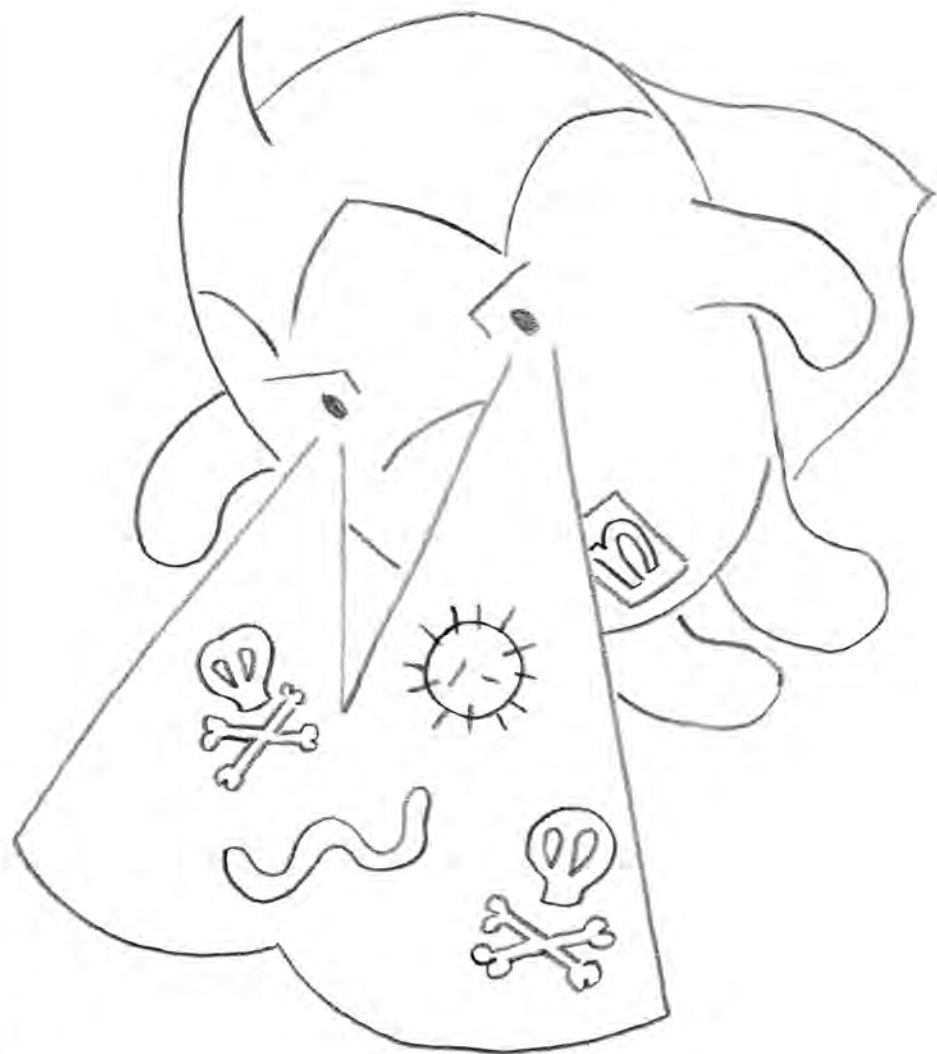

**I'm happy when I'm**
