

For Immediate Release

HUGE SAVINGS WITH NIPPON PAINT
20% Discount On Nippon Paint Products

Shah Alam, June 20, 2011 – Nippon Paint, Malaysia's leading paint brand, is committed to helping consumers brighten up their homes affordably. Effective immediately until September 30, 2011 Nippon Paint is offering a huge 20% saving on a range of paints for the entire home, covering interior, exterior, and wood and metal surfaces.

The promotion, applicable for standard colours in Nippon Classic Collection colour card throughout West Malaysia only, is for the Nippon Weatherbond 5L exterior paint , Nippon Satin Glo 5L interior paint, and Nippon 9000 Gloss Finish 5L for wood and metal surfaces. Nippon Weatherbond and Nippon Satin Glo are eco-friendly products with low odour and low volatile organic compound (VOC).

"To ensure that your entire home is protected, you need quality paints that are long-lasting. Nippon Paint is built on a heritage of innovation. With 130 years of experience in paint technology, our range of protective coatings provide longer lasting protection, outstanding colour retention in various climatic conditions, durability and cost effectiveness," said Nippon Paint (Malaysia) Sdn Bhd managing director Yaw Seng Heng.

Nippon Weatherbond provides tougher exterior protection against harsh weather with five years protection, while the Nippon Satin Glo gives a luxuriously smooth and satin-like sheen finish for the interior, and for that final special touch, the Nippon 9000 Gloss Finish creates a high gloss finish for wood and metal surfaces.

“With this three month 20% off promotion, we hope everyone will be able to refresh their homes with a fresh coat of paint, especially for the upcoming festive occasions, and reduce household expenditure while doing so,” he added.

For more information on Nippon Paint’s 20% discount, visit www.nipponpaint.com.my, call 1-800-88-2663, or visit all authorised Nippon Paint dealers, hardware shops as well as DIY chains. Terms and conditions apply.

About Nippon Paint (Malaysia) Sdn Bhd

Incorporated in 1967, Nippon Paint Malaysia Sdn Bhd (NPM) manufactures paint and coatings for both home and industrial applications. To date, NPM has three manufacturing plants in Malaysia. One located in Shah Alam, one in Johor Bahru and one in Kota Kinabalu. NPM currently manufactures over 10,000 different paint formulations for the decorative and architectural, automotive, industrial, protective coatings and fishing vessel markets. Nippon Paint has been awarded the prestigious Green Excellence Award by Frost & Sullivan in recognition of its achievement in promoting and improving environment sustainability within the paint industry.
